

Attention Greenville Utilities Water Customers:

Tonight, Greenville Utilities will begin a preventive maintenance cleaning program to ensure that GUC customers continue to receive high quality water. Beginning tonight the program will be conducted in all areas from Greenville Blvd. between Old Tar Rd. to Charles Blvd. to the end of GUC's water distribution system. Cleaning will be conducted during 10 p.m. to 6 a.m., to minimize inconvenience to customers. The program involves opening fire hydrants and allowing them to flow freely for a short time.

If customers have air or discolored water in their water lines as a result of the program, GUC recommends turning on the cold water faucet in the bathtub and running the water for 5 to 10 minutes. Although there is no health risk, GUC advises customers to avoid washing clothes until the water is clear.

Customers may call GUC at 551-1551 from 8 a.m. - 5 p.m. or 752-5627 after hours for specific information on the preventive maintenance cleaning schedule.
