

**Greenville Utilities Commission**  
**Greenville, North Carolina**

**Notice of Request for Proposals**  
**For**  
**Greenville Utilities Commission ERP**

**GUC Addendum # 2 (Dated 7/21/2011)**

GUC has been made aware of some discrepancies between the Table of Contents and page vii RFP Summary. It has therefore been determined that page vii RFP Summary is not substantial to the document and will be deleted.

**4.1 Unique Business Processes**

The contents will be moved to 1.4 Application Software following **Current Financial/HR, CIS, Asset/Work Management Information System Overview**. This was not intended to be a sub-section to Enterprise Work & Asset Management (EWAMS)

**Greenville Utilities would like to issue a clarification to this statement:**

Section 6.1 of the Greenville Utilities Commission ERP document states "The proposer must send a confirmation of intent to propose to Mr. Corey by July 7, 2011".

The intent of this statement was for Greenville Utilities Commission to have knowledge of who would be submitting proposals so that we could prepare accordingly; however, all proposals received no later than 4:00 pm EST August 8th, 2011 will be considered.
