TABULATION OF BIDS RECEIVED

**INDUSTRIAL METER/REGULATOR SETS
& CONTROL VALVE INSTALLATION PROJECT**

APRIL 12, 2011 – 2:00 PM (EST)

This project includes the complete replacement of the industrial gas meter sets at DSM Pharmaceuticals (Boiler) and East Carolina University Steam Plant, the industrial gas meter & regulator set at DSM Pharmaceuticals (Cogeneration Unit), and the installation of a control valve at GUC City Gate 4. The fabrication and installation of the proposed facilities was advertised on March 29, 2011, with one (1) contractor submitting a bid for the April 12, 2011 bid opening. The total bid price of \$163,500 exceeded the project budget of \$138,000. Staff elected to negotiate with the contractor, who agreed to a contract price of \$130,060 for the original scope of the project as advertised.

Contractor: Parker-Stockstill Construction, Inc.

<u>Item</u>	<u>Site</u>	<u>Facility Description</u>	<u>Bid Price</u>	<u>Negotiated Contract Price</u>
1.	DSM Pharm. (Boiler)	8" Turbine Meter Set & 6" Regulator Run	\$45,351	\$45,351
2.	ECU Steam	8" Turbine Meter Set	\$46,700	\$41,700
3.	DSM Pharm. (Cogen)	6" Turbine Meter Set	\$32,509	\$25,509
4.	GUC City Gate 4	4" Control Valve	\$39,000	\$17,500
TOTAL			\$163,560	\$130,060*

*Indicates recommended award based on contract prices as negotiated to within available amount of funds with the sole bidding Contractor. The project bid solicitation was posted on the GUC website, forwarded directly to 11 firms, and distributed to the City's M/WBE contact list in compliance with the NC General Statute procedure for informal bidding [G.S. 143-131].
