

GREENVILLE UTILITIES COMMISSION

GREENVILLE, NORTH CAROLINA

**ONE (1) LINE TRUCK WITH HYDRAULIC DIGGER-DERRICK MOUNTED WITH
UTILITY LINE BODY.**

Pre-bid meeting: August 29, 2012 at 10:00 am

Attended: Bill Darty, Wayne Hardee, Cleve Haddock (GUC).

Matt Rohrbauck (Altec Industries, Inc.)

Minutes of meeting:

Areas of discussion and clarification concerning specifications.

- 1) Hydraulic Digger-Page 8; what type of auger, dirt, rock, etc.? **We prefer dirt.**
- 2) Rear-Page 10; Do we want cross storage under the tailboard or sub-base storage? **As per specifications, we want both.**
- 3) Stabilizers- page 7; what type of feet on the stabilizers? **We want stationary feet on the "A" frame and pivoting feet on the radial.**
- 4) Traffic Cone Rack-page 11; Where? **We prefer the rack to be mounted on the street side front outrigger if possible.**
- 5) Water Cooler Rack-page 11; what type of water cooler rack, and do we need the cooler? **A wire rack without the cooler is acceptable.**
- 6) Two (2) Two inch receivers-PAGE 11; How much room do we need around the receivers? **We mount wire wheels on a removable rack that slide into these receivers. We must see the layout on the rear of the truck being bid to give exact lactations and room.**
- 7) Four (4) tow hooks-page 12; Do we want the front tow hooks located in the factory location? **We want the front tow hooks mounted on the outside of the winch bumper.**
