

**QUESTIONS AND ANSWERS (3) FOR:**

**RFB # 13-32, 09-24-13**

**RFB for two (2) 55,000 gallon shop fabricated horizontal LNG storage tanks**

**Question:** Is there access to a railroad spur near the Greenville Utilities LNG Facility?

**Answer:** There is not a privately owned railroad spur available at the Greenville Utilities LNG Facility. However, Rail Freight Services are provided to Greenville, NC. Please link to <http://locateincarolina.com/transportation/rail-freight-services/> for information regarding Rail Freight Services provided in Pitt County, NC.

Please note that Greenville Utilities does not specify a preferred method of delivery for the LNG storage tanks.
