

Questions/Comments Received by or before January 24, 2014.

1. I was wondering if I could get a list of physical address for each of the properties/locations you would like maintained.

Please refer to the addresses provided in the RFP.

2. What is the expected award date and contract start date?

If there is to be an award/contract date, it will be dependent upon the evaluation/completion date of the submitted RFP's.

3. For the 2 Gas Plants in the scope, (on 10th St. and next to Furniture Fair) there isn't a detailed lot cutting description like the rest of the properties do. Could I get some details about what to cut and spray?

Please refer to Section 6.1. This paragraph gives general boundary descriptions.
