Greenville Utilities Commission of the City of Greenville, NC

for

GCP89 – Northwestern Loop High-Pressure Gas Main Extension

Pitt County, North Carolina

Sealed Bids for **the Construction of a 3.2-mile, 6-inch steel, high-pressure natural gas main and two district regulator stations** will be received by the Greenville Utilities Commission in the Engineering Center Conference Room at 801 Mumford Road, P. O. Box 1847, Greenville, NC 27835 until 2:00 p.m. on **Thursday, June 25, 2015** and immediately thereafter publicly opened and read.

Bids must be enclosed in a sealed envelope, addressed to the Greenville Utilities Commission and the outside of the envelope must be marked **BID FOR GCP89 – NORTHWESTERN LOOP HIGH-PRESSURE GAS MAIN EXTENSION**. All Bids must include the information specified in the format specified in the Instructions to Bidders, and all Bids must be made on blank forms provided with and included in the bound document. The name, address, and license number of the Bidder must be plainly marked thereon. Oral or faxed Bids are invalid and will be rejected.

Each Bid submitted must be accompanied by cash or a certified check, drawn on a bank or trust company authorized to do business in North Carolina, payable to the Greenville Utilities Commission in an amount at least equal to five percent (5%) of the total amount of the Bid, as a guarantee that a contract will be entered into. In lieu of cash or a certified check, the Bidder may submit a bid bond in the form prescribed in G.S. 143-129 as amended by Chapter 1104 of the Public Laws of 1951.

Contractors are notified that legislative acts relating to licensing of contractors will be observed in receiving bids and awarding contracts. It is the Bidder's responsibility to ensure and to provide proof of compliance with all applicable licensing requirements.

A **Pre-Bid Conference** will be held at the Greenville Utilities Commission Engineering Center at 801 Mumford Road, Greenville, North Carolina 27835 on **Thursday, June 11, 2015, at 2:00 pm**, local time.

The major items of Work include:

- Constructing, testing, cleaning, drying, purging, and filling with gas a 3.2-mile, 6-inch steel, high-pressure natural gas pipeline;
- Constructing, testing, cleaning, purging, and filling with gas the NC Hwy 43 District Regulator Station;
- Constructing, testing, cleaning, purging, and filling with gas the Old River Road District Regulator Station;
- Tying in the district regulator stations to the Northwestern Loop High-Pressure Gas Main Extension and to the natural gas distribution system.
