

QUESTION AND ANSWERS FOR:

15-62, DUE 12/15/15

RFP FOR TREE SERVICES

Date 12/10/15 Revision 1

- 1) Do you have the pricing that the City currently pays for these services that you could provide?
- 2) Do you anticipate that this will be two crews utilized all year round, 40 hours per week? Or is it more sporadic...only in spring summer months?
3. Is it GUC's expectation that all the equipment, with the exception of mechanical trimmer and the skidder, outlined in the bid document, be billable full time?

- 1) Previous Bids.

AUGUST 11, 2010

TOTAL LABOR COST	TOTAL EQUIPMENT COST	TOTAL COST
\$385,784.60	\$128,240.00	\$524,024.60*
403,223.66	131,000.00	534,223.66
427,000.00	141,500.00	568,500.00
449,840.00	227,560.00	667,400.00

We are GUC not the City. See above.

2. We currently operate the two crews as listed on an annual basis.
Yes, 12 months per year.
3. The standard equipment if billable weekly provided there are adequate personnel to operate the equipment and it is used in production. The items required to be kept on site are "in case of" units and are not billed unless they are used due to a primary unit being down for repairs.
