**REQUEST FOR QUALIFICATIONS
Construction Manager at Risk (CMAR) Services**

WATER TREATMENT PLANT UPGRADE PHASE I

Addendum No. 1

To All Potential Respondents:

Construction Manager at Risk firms submitting Statements of Qualifications for the Project shall take note of the following changes, additions, deletions, clarifications, etc., in the Request for Qualifications. Please acknowledge the receipt of Addendum No. 1 by completing Attachment E and submitting with your Statement of Qualifications.

GENERAL:

1. Question: Can experience with industrial facilities or the like be used to meet the minimum experience requirement in Section 3.0?

Response: No changes are being made to the minimum experience requirement provided in Section 3.0. Experience shall be for water or wastewater treatment plants to demonstrate experience and qualifications with similar work to the Project. Additional experience beyond the minimum experience requirement can be submitted for consideration as long as the other requirements of this Request for Qualifications are met including page limitations.
