1. Just to confirm will the purchase be a single 1-time purchase of the quantities noted on the recap for this RFB? Taking into consideration comment 14.0 on page 3.

Yes, this is a single time purchase, however, we may request additional items within a 12-month period. If requested, due to present supply chain issues, if vendor could not supply items at same price, we would bid the items.

2. The **Cameron valves** noted ..... can You share any feedback of when the valves are needed?

“Needed as soon as available”.
