

**GREENVILLE UTILITIES COMMISSION**  
**QUESTIONS AND ANSWERS I FOR 23-21**  
**RFB FOR TUBULAR STEEL STRUCTURES**  
**5/9/2023 at 3:00PM**

1. Our concrete poles offer a shorter lead time while our steel poles have a much longer lead time. What's the target timing for your project?

Concrete poles will not be accepted for this bid.

Timing will be determined by the winning bidder's proposal.

2. Would GUC accept our T&Cs? Otherwise, the process of reviewing T&Cs and coming to an agreement would take quite a lot of time going back and forth

See page 3:

If bid is not in strict accordance with Section II, "Specifications," bidder must list or note all exceptions on the Request for Proposal Form, otherwise, it is fully understood that the successful bidder will furnish equipment and/or materials exactly as specified.
