QUESTIONS AND ANSWERS II FOR 23-21
RFB FOR TUBULAR STEEL STRUCTURES

1. Could you please confirm structures qty?

69 Structures. The confusion came from a typo in the second row. It should read "11.3-11.18" not "11.3-11.8".

2. Also is there a desired delivery date for the poles?

Timing will be determined by the winning bidder's proposal.
