1. Can you provide a grading plan that shows existing contours? Or provide a CAD file? This is for earthwork calculations, the current grading plan the provided does not show existing contours

Please find the DWG file on our website.

2. On the estimated quantities sheet, Line item #16 calls for 4,000 cy of Undercut Excavation and Off Site Borrow total. Is there 2,000 cy of Under cut Excavation and 2,000 cy of Off Site Borrow? Or is it 4,000 cy for Undercut Excavation and 4,000 cy of Offsite Borrow.

Estimated quantities are for removing and borrowing a cubic yard of material.
