QUESTIONS AND ANSWERS FOR RFB 26-54
FOR TRANSFORMERS
9/1/2026 @ 2:00 PM

1. Will GUC consider new-surplus or unused off-fleet units (full nameplate documentation and factory test reports provided) alongside factory-new production, where they meet the specification?

Please read the bid in its entirety.

2. May bidders submit on individual line items, or is the award all-or-nothing? Several of the fourteen line items match stock we can commit at delivery well inside 20 weeks.

Please read the bid in its entirety.

3. How is delivery time weighted in the evaluation relative to price?

Please read the bid in its entirety.

4. The listing is showing GE/Prolec as an acceptable manufacturer, whereas we use XD/GE as one of our partners. Wanted to see if this was also acceptable.

We will accept this as GE, which is already approved.
