

QUESTIONS AND ANSWERS FOR:
RFP # 20-43, 09/23/2020 FOR
CUSTODIAL MAINTENANCE SERVICES
FOR NEW OPERATIONS CENTER

- 1) Do you need day porters for each building from 10am-12pm? **Yes**
- 2) For the consumable products that will be bill to GUC, how often will the vendor be compensated monthly? **Quarterly yearly (every 3 months). Can be negotiated if required**
- 3) When should the vendor be expected to supply the consumable products? **As needed**
- 4) Do you have a time table to start the cleaning services? **Preferred date would be 8/5. If this cannot be done please clearly state the earliest possible date you can begin supporting GUCs facilities.**
- 5) I just want to follow to see if anyone clarified the days of the day porter. **See answer below. While Tuesday Wednesday and Thursday are typical we will be requiring 5 days until the threat of COVID-19 lessens. You should provide your proposal as per below.**
- 6) What are the day porter hours and days? **Hours will be from 10:00am until Noon. Days will be Tuesday, Wednesday and Thursday. Please provide the cost for a day porter for a 2hr period. It is likely with COVID we may opt for a day porter Monday and Friday as well until conditions improve.**
- 7) I see where floor maintenance (Strip/recoat) are included as part of the service. Do GUC want the quarterly strip/wax included in the monthly quote or can it be submitted on a quarterly bases to prevent the monthly service price will not look inflated. **Please break this out as its own price.**

This ends the question and answer period.
