

NATURAL GAS RATE SCHEDULE N-9

COMPRESSED NATURAL GAS SERVICE

I. APPLICABILITY

This rate schedule is applicable to any Customer taking service at Commission owned and operated compressed natural gas fueling stations for use as a motor vehicle fuel or for fleet service for Customers who enter into a contract with the Commission for a period of not less than 1 year.

II. CHARACTER OF SERVICE

Deliveries under this rate schedule shall be through a single point of delivery. The heat value of natural gas shall not be less than 1,000 Btu per cubic foot.

III. RATE

The price charged for this service shall be determined by the Commission and posted at the CNG station and may be changed from time to time at the discretion of the Commission. Prices may change in response to such factors including the market price of competing motor vehicle fuels and the Commission's cost of gas.

The posted price for this service shall include all applicable federal, state, and/or local road use or motor fuel taxes and fees.

At the Commission's discretion, Customers operating fleets may enter into a contract for service with negotiated terms and pricing.

IV. GENERAL PROVISIONS

- A. Natural gas, or its equivalent, having not less than 1,000 British Thermal Units per cubic foot of gas will be supplied.
- B. The rate of charges as stated herein is subject to change by the Commission.
