

GREENVILLE UTILITIES COMMISSION

ELECTRIC RATE SCHEDULE EG-5

PUBLIC COMMUNICATIONS NETWORK DEVICE SERVICE (ONU)

I. APPLICABILITY

This schedule is applicable exclusively to Public Communications Company's and Municipal/Governmental, Communication Network Devices. Those devices applicable for this service shall be limited to only those device types that have a monthly kWh consumption of less than 50 kWh per month.

Energy consumption associated with these devices shall be assumed fixed at the levels indicated below. These quantities are subject to periodic review and adjustment by the Commission as deemed necessary based upon random metering of these devices by the Commission.

Service shall only be provided to these devices at 120 volts, single phase.

II. MONTHLY RATE

A. Base Facilities Charge: .....\$2.10

B. Energy Charge:

	<u>Monthly kWh</u>	<u>Monthly Charge</u>
Wireless IP Network Device	05	\$0.56
Public Safety Cameras	10	\$1.11
CAD 12 ONU Installations	11	\$1.22
MLU 48 ONU Installations	44	\$4.87

C. Minimum Charge: The minimum monthly charge for service to each installation shall be the sum of A and the applicable energy charge for the installation type as referenced in B above.

D. Adjustments: Future adjustments in these charges will be made in accordance with the Commissions standard rate making practices. The basis for future adjustments shall be the Base Facilities Charge, divided by 10, and the energy rate for the first block of kWh purchases associated with Electric Rate Schedule EG-1, Small General Service.

Effective April 1, 2017

Supersedes Schedule dated July 1, 2016

Electric Rate Schedule EG-5  
Optical Network Unit Service

- E. Sales Tax Charge: The applicable North Carolina sales tax will be added to all charges listed above.

III. TERMS AND CONDITIONS

Service shall only be provided to those device installations at mutually agreed upon locations; such locations shall normally be immediately adjacent to the Commission's distribution transformers or mounted on Commission owned street and area light poles/fixtures that will be providing power to the devices. Service will only be provided under this schedule where Commission facilities suitable to provide 120 volt, single phase voltage are currently present to serve other Commission customers.

The Public Communications Company's and/or Municipal/Governmental agency shall be responsible for all costs to be incurred by the Commission to provide service to these devices. Such costs shall be paid prior to connection of service.

The Public Communications Company's and/or Municipal/Governmental agency shall be fully responsible for notifying the Commission of any changes in the power requirements for these devices which may alter energy consumption assumptions utilized in the development of this schedule. The Commission shall not be obligated to provide service to any devices not fully conforming to the requirements of this schedule or other agreements.

IV. PAYMENTS

Bills are due when rendered, and subject to a 1% penalty if not paid by the due date. For additional information, refer to Utility Regulations, Part D, Customer Service Policy.

V. TERM OF CONTRACT

The term of contract for this service shall be as mutually agreed upon in separate agreements.
