

NATURAL GAS RATE SCHEDULE N-7

STORAGE SERVICE

I. APPLICABILITY

This rate schedule is applicable to any non-residential customer that is classified by the Commission as an industrial and/or institutional customer that requires Natural Gas Storage services. In addition, a customer that is served under this rate schedule must use more than 30 MCF of daily gas volumes. The terms and conditions of gas service provided under this rate schedule will be negotiated between the Commission and the Customer, on an individual basis, and will be based on a contract that is ratified at the completion of the negotiations.

II. CHARACTER OF SERVICE

Deliveries under this rate schedule shall be through a single point of delivery and the nature of the service will be based on the negotiated terms and conditions that are finalized and ratified as a part of the service contract agreed upon between the Commission and the Customer. In addition, the gas received and used under the rate schedule defined herein shall be metered at the point of delivery and shall not be utilized for resale. The heat value of natural gas shall not be less than 1000 Btu per cubic foot.

III. MONTHLY RATE

Table 20-7 below provides a summary of the monthly rates charges furnished to Commission customers served under Schedule N-7.

Natural Gas Rate Schedule N-7
Storage Service

Table 20-7
Summary of Schedule N-7 Monthly Rates

LINE	DESCRIPTION	CHARGE	UNITS
	STORAGE:		
1	Reservation Charge	\$1.62	Per MCF per month
2	Daily Demand Charge	\$7.25	Per MCF per month
3	Commodity Charge	\$12.55	Per MCF

IV. MINIMUM MONTHLY BILL

The minimum monthly bill shall be the monthly charge based on capacity reserved and reservation and demand charges.

V. PURCHASED GAS ADJUSTMENT

The Purchase Gas Adjustment (PGA) is applicable to all natural gas sales under the schedule defined herein. Further detail related to PGA is provided in Rate Schedule PGA.

VI. SPECIAL PROVISIONS

All provisions in the natural gas service agreement signed by the customer are applicable to this rate schedule.

VII. GENERAL PROVISIONS

A. Natural gas, or its equivalent, having not less than 1,000 British Thermal Units per cubic foot of gas will be supplied at four (4) ounces pressure unless higher pressure is approved by the Commission. Delivery pressure in excess of four (4) ounces shall be corrected to such pressure by volume.

B. The rate of charges as stated herein is subject to change by the Commission.

C. Gas service supplied hereunder shall be at a single point of metering, unless

Effective September 1, 2015
Supersedes Schedule dated July 1, 2014

Storage Service

otherwise provided, and shall not be resold.

- D. Billing, payments and penalties will be handled in accordance with the Commission's existing policies, or as such practices may be changed or amended.
- E. The Commission shall install and maintain metering and regulating equipment. The point of delivery shall be the point where the Commission's service pipe crosses the boundary of the Customer's property and the Commission will not be liable to the Customer or any of his agents, servants, or employees, or to any person whomsoever for any loss, damage, or injury to person or property resulting from said gas or its use after it leaves said point of delivery, all risk thereof and therefrom being assumed by the Customer, except when caused by the exclusive negligence or willful acts of employees of the Commission. The Commission's representatives shall have the right of ingress and egress to the Customer's property at any time for any purpose involving the service of gas as provided under this rate schedule.
- F. Service under this rate schedule is subject to the rules, regulations and tax levies of duly constituted regulatory bodies having jurisdiction over either or both parties.
- G. The Customer agrees that all appliances, equipment and piping beyond the point of delivery will be installed according to applicable codes and maintained in a safe condition. A violation of this provision shall be grounds for the Commission to immediately discontinue service until the condition is corrected and inspected.
- H. Commission agrees that all piping, meter and regulatory equipment owned by the Commission will be installed according to applicable codes and good practice and maintained in a safe condition.
