

Backflow Tester Recertification Course

November 18 - 20, 2026, • 8:00am-4pm or November 30 - December 2, 2026 • 8:00am-4pm

Backflow Training Building Located at the Water Treatment Plant
1700 Old River Rd, Greenville NC Cost: \$40.00

It’s Important You Attend

In order to remain on the GUC Tester list, you must complete the recertification class every three years. **The first day of class, for either session, is optional; the wet lab will be open from 8:00 am to 2:00 pm for practice. You do not have to attend the first day.**

During class, all new Greenville Utilities’ Regulations and State Regulations will be reviewed. A written exam will be administered on the second day of the re-certification course. All participants who pass the written exam will be required to take the practical exam. There are two sessions scheduled for this Fall. **Please register for the section you wish to attend by e-mail (backflow@guc.com) or mailing the bottom portion of this letter to the Water Resources Department.** If you have not attended a GUC backflow tester course in the past, a copy of your current backflow tester certification must accompany the registration. **You must register prior to attending the recertification course.**

Second Day	Class Review	8:00AM
	Backflow Prevention Assemblies	9:00AM
	Rules and Regulations	
	WRITTEN EXAM	Noon
	Practical Exam	Time will be assigned

Third Day	Practical Exam	Time will be assigned
